

System concept

The Vectron POS Life is a perfect Android POS concept for all business transactions in retail and catering. The intelligent all-in-one design, consisting of a 10.1" HD touchscreen, integrated 80mm receipt printer and integrated 2.4" customer display, enables fast and efficient work. In combination with the Vectron POS software, the POS Life impresses with its performance and simple and intuitive sales processes.

The POS Life allows the integration of digital services such as the digital receipt for less paper in the processes, the POS backup for more security, archiving and reporting functions as well as the connection to the reporting app for real-time analyses on the smartphone.
